

500D PVC coating PU coating 100% polyester waterproof Oxford fabric, which also called Oxford cloth, due to its compact fiber structure and high strength, is not easily deformed or damaged under external forces and has good wear resistance. Its high-strength fiber structure makes Oxford fabric excellent in tear resistance. 500D Oxford fabric often has good waterproof performance, making it widely used in outdoor products and bags. Although the main characteristics of Oxford fabric are wear resistance and waterproofing, it also has a certain degree of breath-ability, allowing users to maintain comfort during outdoor activities. Due to its excellent performance, 500D Oxford fabric is often used to make items that need to withstand large external forces or harsh environmental conditions, such as outdoor products, bags, shoe materials, etc. Meanwhile, due to their durability and practicality, these items are usually able to be used for a long time and remain intact. 500D Oxford fabric is a high-performance fabric with specific denier values, widely used in outdoor products and bags due to its excellent wear resistance, tear resistance, and waterproofing.

Attributes

Item name:	500D*500D With PVC/PU coating
Supply Type:	Make-to-Order
Material:	100% Polyester
Thickness:	Medium Weight
Feature:	Waterproof, Tear-Resistant, Shrink-Resistant, stain Resistant, Water Resistant
Technics:	woven
Type:	Oxford fabric

Width:	58/60"
Pattern:	Coated
Coating:	PVC/PU coating
Type:	Oxford fabric
MOQ:	1000 Meters
Usage:	Tent Bag Luggage Beach chair
LOGO:	ZJH
Size:	148cm Width
Color:	Customized Color
Hand feeling:	Customized Hand Feeling
Sample:	A4 Size Sample
